

Professional Development Hours (PDH's)

Various States have established the PDH as a requirement for professional license renewal. Typically, this is a self-certifying requirement. Attendees have a personal responsibility to assess the applicability of attended program elements to their professional development. Attendees are encouraged to consult their state licensing board to answer any questions regarding PDH credits. Attendees are hereby advised that neither The Central Texas Chapter of The American Concrete Institute nor the participating speakers guarantee compliance of the individual program elements with the qualifications established by individual State licensing boards.

11:30 PM – 12:30 PM

Hot Weather Concreting Roundtable

The luncheon meeting was a Panel Discussion of Hot Weather Concrete Do's and Don'ts from the varied perspectives of a concrete producer, an owner, and a consultant with expertise in mass placements. Discussing this important issue in May will prepare you for handling hot weather situations in the subsequent summer months. Round table panelists include James Prewitt (Lauren Concrete), Doug Beer (TxDOT – Bridge Division), Jon Poole (MJ2 Consulting).
